SCALA QUOTE 1:500

The graph illustrates the demographic trend of an aging population in the United Kingdom. The percentage of the population aged 65 and over starts at approximately 16% in 1970 and rises steadily to about 21% by 2020. There is a noticeable dip in the rate around 1985, followed by a sharp increase after 2015, reaching the highest point of approximately 21% in 2020.

The profile shows a road section with a significant dip in the center. The left side (PUNTI) starts at a high elevation and descends to a minimum around station 76, then rises to a maximum around station 84 before descending again. The right side (PUNTI) starts at a lower elevation and rises to a maximum around station 95 before descending. The profile is marked with vertical lines indicating specific points and distances.
