

An innovative tool for forest owners

Florence, March 27<sup>th</sup>

- Internet Platform → promote forest management concepts.
- Facilitate contacts forest owners and professionals.
- The site is divided into 6 parts :
  - Forest management
  - Forest Worksite
  - Professional Directory
  - Online processes
  - Wood prices
  - Forest land marketplace

#### Why this project?

- Innovating solution to improve wood mobilization
- The first Web Portal to provide services to forest owners
- → Selected as "best practice" by the Rosewood South Hub

## Aims of the project:

- Encourage forest management
- New services to "skilled" owners
- Facilitate contacts with professionals
- Improve transparency between stakeholders

## Short history:

- **2015:** Opening of Bois d'Auvergne (3 years of consultation)
- 2016: Request for the national deployment of "La Forêt bouge".
- 2017: Launch of national development
- **№ 2018: Opening to the public**

### Project's main partners:

Ministry of Agriculture

Environment Agency ADEME

Centre National de la Propriété Forestière

Private Forest Owners Union

Interprofessions

### The other partners:

## La Forêt bouge: What is it?

Free services to forests owners and professionals,

One national Home Page,

13 regional pages : same services but local informations.

## La Forêt bouge What is it?

- A showcase of the forest:
  - A 1st level of information

- Redirection to specialized sites
- A launching pad to private service Websites

#### Documents à remplir

- Paros naturels régionaux
- ZNIEFF de type 1
- Arrêtés de Protection de Biotopes
- Sites classés ou inscrits
- Site Natura 2000 Habitats : Zones Spéciales de Conservation (ZSC)

Attention, d'autres zonages réglementaires non disponibles ici, peuvent s'appliquer à votre intervention :

Les Espaces Boisés Classés - EBC (à vérifier auprès de la mairie de la commune concernée),

## Information environmental areas

Steps for an intervention

**Check regulations** 

- Interactive online mapping tools:
  - Locate plots of land
  - Diagnosis of environmental issues
- Dichotomous queries on:
  - Regulation
  - Dendrology
  - Types of stands
  - Silvicultural routes...

- The 1st national directory of professionals
- The 1st national forest land marketplace
- A prospecting tool for professionals

A social network of forest owners:

- Contacts between owners
- A tool to rate services

- Offbeat communication : owner = coach of his woods → keep moving!
- Sports vocabulary
- Digital tools

- Collaborative project operating mode : each region works to the benefit of all
- Now online processes : Send forest management document online ! No paper !

### Conclusion:

Newbie forest owner: A hard life!

Lack of information, ignorance of stakeholders...

#### La Foret bouge:

- All in one forest Portal
- Free online services
- Forest owner no more alone!
