### ***The utilization of structural funds for the development of sustainable tourism: experiences and prospects***

The aim of the meeting is that of offering the European regions the opportunity to exchange experiences in the programming and realization of actions for the development of sustainable tourism by means of the utilization of structural funds, with a focus on the following issues:

- Agenda 21 and the planning of interventions in the years from 1992 to 2000: Strategies and planning documents adopted by the different areas
- Case study: gathering and presentation of actions carried out in conformity with the aims of Agenda 21
- Presentation of programming models for the utilization of Structural Funds for the development of sustainable tourism in the period 2000/2006
- Verification of the possibility to set up a network for the permanent exchange of information and experiences among the Regions, local administrations, member States and the European commission on the themes related to sustainable tourism.
